

MATERIAL SAFETY DATA SHEET GRAPEFRUIT OIL, PINK

MSDS

1. PRODUCT NAME AND COMPANY IDENTIFICATION

Product Name: GRAPEFRUIT ESSENTIAL OIL-- PINK
 Product Use: Personal Care Formulations
 Company Name: Saffire Blue Inc.
 Company Address: 1444 Bell Mill Road, Tillsonburg, ON N4G4G9 Canada
 Date Issued: 5/1/2008
 Emergency Telephone Number: Chemtrec Tel: (800) 262-8200

2. COMPOSITION/INGREDIENT INFORMATION

Composition:
 Steam distilled essential oil of pink grapefruit peel 100% by weight
 Hazardous Components: Essential Oil and derivatives
 Exposure Limits: Not Available
 CAS #: 8016-20-4

3. HAZARDS IDENTIFICATION

Routes of Entry:

- Eyes
- Skin
- Ingestion
- Inhalation

 Eye Contact: Moderate irritation may occur.
 Skin Contact: Irritation may occur with prolonged or repeated exposure.
 Ingestion: Hazardous in case of ingestion. Has been shown to cause kidney effects in lab animals through repeated ingestion. Similar effects have not been reported in humans.
 Inhalation: Vapor may be irritating to throat, lungs and pulmonary tract.

4. FIRST AID MEASURES

Eyes: Remove lenses if applicable. Flush with plenty of water or eye wash solution for 15 minutes holding lids apart. Get medical attention if irritation persists.
 Skin: Remove contaminated clothing. Thoroughly wash the affected area with soap and water. Flush with large quantities of water. Cover with emollient or pure vegetable oil. Seek medical attention if irritation persists.
 Ingestion: Seek medical attention or contact local poison control center immediately. Administer water or milk to dilute if advised by medical expert. Do not induce vomiting. Loosen tight clothing such as a collar, tie, belt or waistband. If the victim is not

Inhalation: breathing, perform mouth-to-mouth resuscitation.
Remove to fresh air. Seek medical attention if necessary.

Serious Inhalation:

Loosen tight clothing such as a collar, tie, belt or waistband. If breathing is difficult, administer oxygen. If the victim is not breathing, perform mouth-to-mouth resuscitation. Seek medical attention.

Medical Conditions Generally Aggravated by Exposure:

No information

5. FIRE FIGHTING MEASURES

Flammability: May be combustible at high temperature.

Flash Point (Method Used): 46° C Closed Cup

Flammable Limits

LEL: Not Established

UEL: Not Established

Auto Ignition Temperature:

No information

Hazardous Combustion Products:

CO₂, CO, irritating smoke and unidentified organic compounds may be formed during combustion.

Extinguishing Media:

- Dry Chemical
- Carbon Dioxide
- Foam

Special Firefighting Procedures:

Note: Do not use water spray except to cool containers

- Wear positive pressure, self contained breathing apparatus.
- Wear protective clothing to prevent contact with skin and eyes.
- Remove containers from fire area.
- Spray extinguishing media directly into the base of the flames.
- Water is unsuitable for use on burning materials but may be used to cool containers exposed to heat.

Unusual Fire & Explosion Hazards:

None known

6. ACCIDENTAL RELEASE MEASURES (STEPS FOR SPILLS)

Personal Protection:

- Chemical splash goggles should be worn.
- If in a confined area, a certified/approved vapor respirator should be used.
- Remove individuals if they do not have respiratory/dust protection.
- Wear protective clothing and chemical resistant gloves.

Note: Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product

Environmental Protection:

Notify authorities if large amounts of product enters sewer.

Methods for Cleaning Up:

- Remove any source of flame or sparks.
- Ventilate area
- Prevent liquid from entering the sewers.
- Recover spilled material with pump or absorb onto an inert, absorbent substrate and sweep up.
- Wash area with soap and water.
-

7. HANDLING AND STORAGE

Handling

Safe Handling:

- Wear safety glasses and chemical resistant gloves.
- Keep away from oxidizing agents, excessive heat, light and sources of ignition.

Storage

Requirements for Storage Areas and Containers:

Store in a cool, dry location, in a sealed container in a well ventilated area away from sources of ignition.

8. EXPOSURE CONTROL/PERSONAL PROTECTION

Engineering Controls:

- Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value.
- Ensure that eyewash stations and safety showers are proximal to the work-station location.

Personal Protection

Eye:

Chemical splash goggles or face shield should be worn.

Skin/Body:

Lab coats, boots and chemical resistant gloves should be worn.

Respiratory:

Use adequate ventilation or NIOSH-approved respiratory devices if vapor concentration is high due to heat.

Ventilation:

Handle in well ventilated areas. Ventilation meeting ACGIH Standards should be employed.

Other:

Evaluate need based on application. Slip proof shoes may be worn where spills may occur.

Work/Hygiene Practice:

Use good personal hygiene practices. Limit exposure to product whenever possible. Wash contaminated clothing or shoes before each use.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State:

Liquid

Color:

Clear, reddish

Odor:

Characteristic of grapefruit, citrus

Specific Gravity (@25C):

0.8510 g/cm³ (typical)

Refractive Index (@20C):

1.4765 (typical)

Flash Point:

46°C Closed Cup

Boiling Point:

>35°C

Melting Point:

N/A

Solubility in Water:

Insoluble

10. STABILITY AND REACTIVITY

Stability:

Stable under normal conditions of use
Material is not pyrophoric or reactive with water. Does not undergo explosive decomposition. Material is stable to shock and is not an oxidizing agent. Will not undergo hazardous exothermic polymerization.

Conditions to Avoid:

Keep away from sources of ignition, flame and heat. Avoid hot

<p>Incompatibility (Materials to Avoid):</p> <p>Hazardous Decomposition or Byproducts:</p> <p>Hazardous Polymerization:</p>	<p>work and sources of ignition on or near empty containers.</p> <p>Strong oxidizing agents.</p> <p>CO₂, CO, irritating smoke and unidentified organic compounds may be formed during combustion.</p> <p>Will Not Occur</p>

16. ADDITIONAL INFORMATION

This information is provided for documentation purposes only.

The complete range of conditions or methods of use are beyond our control therefore we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however, all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user.

This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.
